FBIS-1106/87

MEMORANDUM FOR: Director of Communications

FROM:

25X1

Director, Foreign Broadcast Information Service

SUBJECT:

Field Support for FBIS

25X1

1. Field engineer ASCA/FND/OC, and instructor
 AMD, TDY'd at the FBIS bureau in Okinawa in early February to install ICT equipment and to train FBIS staff in its use. Both of these gentlemen worked long and hard and are to be commended for turning in very strong performances. The equipment installation was very well done and the instruction in its use was clear, concise and informative.

25X1

25X1

2. I would like to thank the Office of Communications for providing these two fine officers, as well as for its continuing support to FBIS throughout the world and in the Washington area. I would appreciate if you could include a copy of this memo in

25X1

 201 files.
